

## Home learning for Year 6

Hi Year 6!

Our final week has arrived...

It has been an absolute pleasure to teach you in Year 6 and we are very much looking forward to welcoming you into school on Thursday and seeing you all before saying goodbye and good luck!

You have done so well to stay motivated during your time off and we are very proud of you all.

Below you will find your last week of home learning.

Stay safe,

Mrs Caine & Mrs McDonald

### Week beginning 20<sup>th</sup> July

**RE** – Using the PPT Beatitudes, think about how you can live out the Beatitudes in your life and write your own version.

**Maths** – Each day, open the ‘Y6 Maths Flashback 4 **converting units** and **ratio** warm ups’ document and complete the 4 quick recap questions for that day onto paper or a notebook. The answers are provided in the document for you to check afterwards.

The maths this week is a recap of topics we have covered in the autumn term. If there is anything you are unsure of, use the Maths is Fun website to help remind you of concepts and strategies.

**English** – This week why not write a reflective piece about your time here at St Mary’s. Think about all the wonderful experiences you have had, the friendships you have made and how you have grown as an individual. There are also two reading comprehensions for you to complete.

**PSHE** – Complete the Year book.
