

## **Home Learning Year 5 Week commencing 6<sup>th</sup> July 2020**

Hi Year 5! We're looking forward to our Zoom video call with you this week. It will be so lovely to see all of you as we have missed you all so much. It is great speaking on the phone every couple of weeks but a video call will be far more exciting!

Remember to keep fit each day with a Joe Wicks workout, Miss Bee's warm ups or an alternative that you have found yourself and are enjoying.

Resources for prayer at home will be regularly updated at [www.beinspirational.co.uk](http://www.beinspirational.co.uk) so please make use of these, alone or with your family, too.

Work for any following weeks will be uploaded in time for each new week so check back each Monday to find your work for that week!

Stay safe,

Mrs Nicholson and Mrs Moss

### **Maths - <https://whiterosemaths.com/homelearning/year-5/>**

Please continue to use the link above to access daily maths lessons. You should now be on Week 11 Summer term. The link provides a teaching video, but the questions and answers are now available on our school home learning page.

The original style 'Fluent in Five' are back! Please complete 5 questions a day for the five days.

Extra maths lessons can be found on the link below. They provide a daily lesson for Year 5/6:  
<http://www.iseemaths.com/lessons56/>

Don't forget to practice your times tables and access Mathletics using your login details. This is also a good opportunity to sharpen up your skills with telling the time!

### **English – <https://www.bbc.co.uk/bitesize>**

Please continue to use the link above to access the daily English lessons for Year 5. I would like you to do the daily English lesson on here as it provides a good model for teaching grammar. Watch the videos, complete the online games/tasks and then have a go at the written activities, either in your drafting books or on paper.

Of course, you can also do the extra maths and other subjects if you like!

### **Writing task – Catch-A-Lot story with dialogue**

<https://www.literacyshed.com/catch-a-lot.html>

Use the above link to watch an animation called 'Catch-A-Lot'. There is no dialogue in the short film just imagery and actions from the characters. I have attached a planning sheet for you to have a go

at planning the dialogue that might have taken place. I have also attached the opening to the story. You could continue writing the story and then add in the dialogue you have planned.

Use the link below to remind you on the key pointers when writing dialogue!

<https://www.bbc.co.uk/bitesize/articles/zm63c7h>

## Reading - Comprehension activity

I have attached a reading comprehension based on a fictional newspaper report. As per last week, there are 3 differentiated levels in the document. If you are on blue and grey band have a go at the first set of reading and questions (1 star); burgundy band the second set of reading and questions (2 stars); and free readers the third set of reading and questions (3 stars).

### **RE – Transformation -Lesson 2:** The gift of the Holy Spirit for everyone.

Please see the separately attached sheets for instructions and the activity for lesson 2.

## Science – Evaporation and Condensation

I have attached some questions and suggested activities linked to evaporation and condensation. We covered these processes in our materials topic earlier in the year. See what you can remember and if the predictions you make are accurate in the results.

## Geography – Global Warming

I have attached a copy of a presentation about global warming. Read the presentation and then use the poster sheet to create poster about what you have learnt.

**Art** – You have the document on the website from week beginning 20<sup>th</sup> April that will guide you through a weekly session.

An alternative could be to use the following link to watch and replicate the tutorials.

<https://www.youtube.com/watch?v=7GaETZJ8oMI> This link will take you to a tutorial for a ladybird but there are lots of other options on the #artforkidshub You Tube channel.

**Music** - <http://www.nottinghammusichub.org.uk/> Use this link to access the Nottingham Music Hub. You will be able to access the digital lessons (no instruments required) and if you are in area band you can access their sessions and the instrumentals too!
