Design and Technology – Cooking and Nutrition <ul style="list-style-type: none">• Greek cookies go back to 1200BC when women and bakers found it hard to find ingredients to make sweets• They use flour, butter, honey, olive oil, lemon, sugar and spices• To weigh out ingredients accurately• To shape the dough carefully so it cooks thoroughly		Beat Whisk Sprinkle Grate Knead Blend

Homework

Homework is given on Fridays and is expected back the following Friday, unless a longer deadline has been agreed. Spellings will be given out every Tuesday, with a test taking place the following Tuesday.

Reading

We actively encourage the children to read for pleasure as much as possible, both in and outside of school, from either the books chosen at school or via the reading apps. They are expected to record in their diaries at least three times a week their reading – with a note on what they've read. This must be signed by an adult. There is also a chart at the back of the diary to record which books they have completed and give them a score out of 10. Those children who read regularly will be rewarded for their efforts.

Dates for your diary

Swimming	Fridays
Advent Retreat	Monday, December 2nd
KS2 Carols	Wednesday, December 18th
Break-up for Christmas	Friday, December 20th

School values – Each week we will look at a different school value in class and encourage the children to practise it in their own lives:

Kindness

**Appreciation
Respect**

Responsibility

**Honesty
Resilience**

Commitment

P.E information

P.E will take place on Monday afternoons. Please ensure kits are always in school as they may be required at other times during the week. This term they will be playing football.

Expectations

In line with our school values, children are expected to show kindness, respect and appreciation to all other members of the St Mary's community.

In lessons, they should listen well and try their best to participate in all lessons and activities.

If they do this consistently, they will be rewarded with Missionary Star of the Day and Week prizes plus house points across the school.

Times Tables

By the end of Year 4, children are expected to know their times tables up to 12 x 12. Any work you can do to help support this at home would be greatly appreciated. Mathletics and Hit The Button (www.topmarks.co.uk/maths-games/hit-the-button) are both very useful online resources.
